## | ABOUT THIS PROGRAMME

SAP FICO is the second-highest-paying SAP module in 2026 — and the migration to S/4HANA has opened a 5-year window of demand for both fresh and upgrade-trained FICO consultants. This programme is built for finance professionals (CA, CMA, CPA) and ECC FICO consultants moving to S/4HANA. You'll cover GL, AP, AR, Asset Accounting, CO-PA, Universal Journal, New Asset Accounting, Cash Management, and the Fiori-based UI. By the end you'll have configured a fresh S/4HANA system from chart of accounts to month-end close.

## | QUESTIONS ANSWERED

# Common questions, answered upfront

### Q. Do I need prior experience to start?

Most students begin with little to no experience. We assume only basic computer literacy. The first two weeks ramp you up to the level the rest of the curriculum needs — no one is left behind.

### Q. What if I miss a live session?

Recordings are uploaded within 24 hours of every session. Weekly doubt-clearing sessions catch you up on missed material. Your community is active 24/7. Nothing gets lost, only delayed.

### Q. Is there a job placement guarantee?

We don't promise placement — we engineer outcomes. Resume + LinkedIn rewrite, two mock interviews, a referral network, and portfolio reviews are all included. The work happens; the offer is yours to earn.

### Q. Can I pay in instalments?

Yes. UPI EMI, credit-card EMI, and a 3-month no-cost split-pay are all supported. Email admissions and we'll set up a plan that fits your cash flow.

### Q. Does the certificate hold weight in interviews?

Yes. It's dated, verifiable via our website, and signed by the trainer. Alumni reference it on LinkedIn and inside offer-stage interview rounds — but the portfolio you build matters more, and that's the point.
